

# Entry Pull Handles

## Introduction

---

### Welcome!

You will notice the below symbols on all pages throughout the Entry Pull Handles section. They illustrate the types of doors the handle is suitable for.

Suitable for timber doors

Suitable for aluminium doors

Suitable for glass doors

This symbol illustrates that the handle is made of 304 Grade Stainless Steel with corrosion resistance.

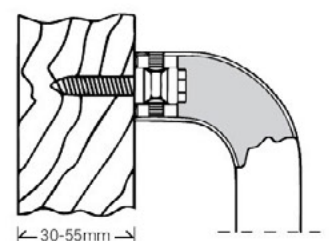

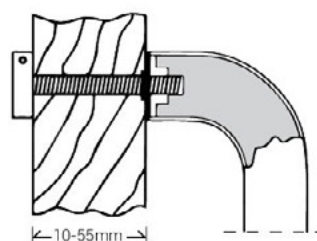

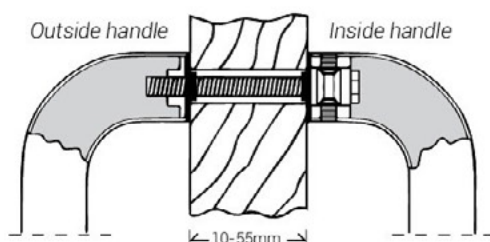

This symbol illustrates that the handle is made of 316 Marine Grade Stainless Steel with high corrosion resistance.

### Fixing Options Diagram

BTB = Back to back fix

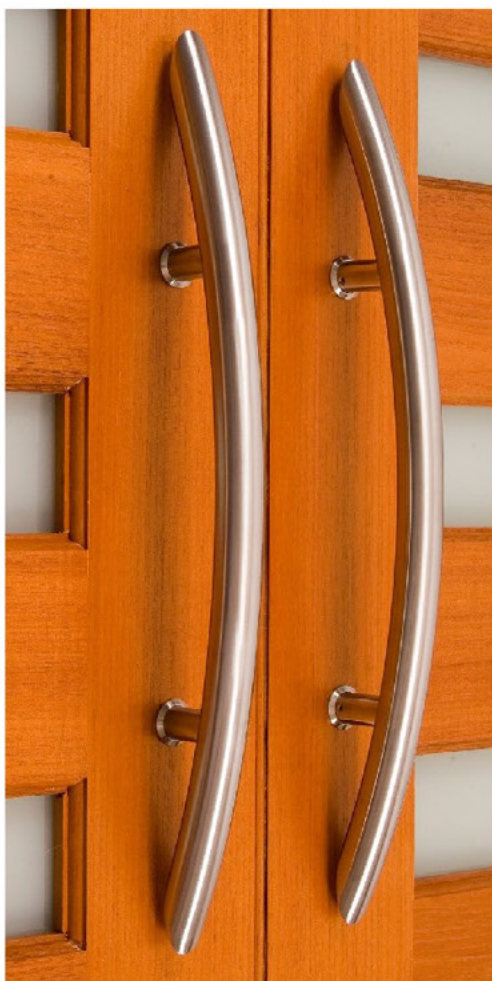

DF = Half set bolt through disc fix

CF = Half set screw fix concealed
